

CELPIP Writing Practice Test 21

A free full-length CELPIP-General Writing practice test from CELPass.com: all 2 tasks in the real test order with the real timings, and an excellent sample answer for every task at the end.

Task	Topic	Timing
Task 1: Writing an Email	Laptop Repair Experience	Time: 27 minutes Length: 150–200 words
Task 2: Responding to Survey Questions	Fit for All: Community Fitness Choices Survey	Time: 26 minutes Length: 150–200 words

How to take this test

1. Do both tasks in one sitting: 27 minutes for Task 1, then 26 minutes for Task 2.
2. Type your answers in a plain text editor with spell check turned off, as in the real test, and aim for 150–200 words.
3. Compare with the sample answers at the end: did you cover every point, organise paragraphs and use a suitable tone?

Get your answers scored for free. On celpass.com you can take a CELPIP Writing test on the computer, as in the real exam, and get an AI score on the four CELPIP rating dimensions with every mistake marked. More free tests: celpass.com/celpip/practice-tests-pdf

Task 1: Writing an Email

Time: 27 minutes · Length: 150–200 words

Laptop Repair Experience

You recently had your laptop repaired at a service center, but there were issues with the repair process or the outcome.

Write an email to the service center manager. Your email should include:

- What you thought about the service overall.
- The specific issue you faced with the repair.
- How this issue affected your work or daily life.
- Suggestions for improving the repair process.

Your answer: _____ words

Task 2: Responding to Survey Questions

Time: 26 minutes · Length: 150–200 words

Fit for All: Community Fitness Choices Survey

Your town is launching a fitness initiative and needs resident input after hearing ideas for outdoor gear versus indoor classes. They've sent a survey to choose one option due to limited funds, aiming to get everyone moving in a way that works best. This is your shot to shape a healthier town!

Which option do you prefer? Why?

- Option A: Build outdoor exercise equipment.
- Option B: Offer subsidized indoor fitness classes.

Your answer: _____ words

Sample answers

One strong answer for each task. Use them for ideas, structure and vocabulary, not to memorise: examiners notice memorised answers.

Task 1: Laptop Repair Experience

Excellent sample answer (written at around CLB 11–12, an estimate, not an official score)

Dear [Manager's Name],

I recently entrusted your service center with the repair of my laptop and was initially impressed by the professionalism of your staff. However, I encountered significant issues: the repair process exceeded the promised timeline by three days, and the original problem with my device remains unresolved.

This has caused considerable inconvenience, as I depend on my laptop for both work and personal tasks. To improve your service, I recommend enhancing quality checks post-repair and providing more accurate timelines to customers. I look forward to a resolution and better experiences in the future.

Sincerely,

[Your Full Name]

Basic and good answers for this task: celpass.com/celpip/writing/task-1-writing-an-email/samples/laptop-repair-experience

Task 2: Fit for All: Community Fitness Choices Survey

Excellent sample answer (written at around CLB 11–12, an estimate, not an official score)

Supporting Option A makes sense as outdoor exercise equipment offers unmatched accessibility and cost-effectiveness.

Its round-the-clock availability removes barriers of scheduling and fees, promoting widespread physical activity across diverse groups. Subsidized indoor classes, while structured, impose financial and logistical limits that restrict who can join. Investing in outdoor setups fosters a fitness culture with broad impact. Equipment like pull-up bars or steppers blends into parks naturally, inviting all ages to move more. It's a one-time cost with no ongoing staff needed.

This choice builds health equity for the long haul.
