I hope you're well. I am writing to report a recurring issue with my neighbor's dog in [Apartment Number]. The dog barks excessively every night, often from 10 PM onward, creating a significant disturbance.

This persistent noise has severely impacted my ability to sleep, affecting my health and productivity at work. I kindly request your intervention to discuss this matter with the neighbor and enforce any relevant building policies.

Task 2: After-School Programs

Excellent sample answer (written at around CLB 11–12, an estimate, not an official score)

I strongly endorse Option A, as homework help sessions directly enhance educational outcomes. Targeted academic support addresses learning gaps, fostering intellectual growth and future opportunities for all students.

While sports promote physical health, their benefits are secondary to the foundational importance of academic achievement.

This investment prioritizes long-term success over short-term recreation.
