

CELPIP Writing Practice Test 32

A free full-length CELPIP-General Writing practice test from CELPass.com: all 2 tasks in the real test order with the real timings, and an excellent sample answer for every task at the end.

Task	Topic	Timing
Task 1: Writing an Email	Feedback on Public Park Renovation	Time: 27 minutes Length: 150–200 words
Task 2: Responding to Survey Questions	Pedestrian Safety Measures Survey	Time: 26 minutes Length: 150–200 words

How to take this test

1. Do both tasks in one sitting: 27 minutes for Task 1, then 26 minutes for Task 2.
2. Type your answers in a plain text editor with spell check turned off, as in the real test, and aim for 150–200 words.
3. Compare with the sample answers at the end: did you cover every point, organise paragraphs and use a suitable tone?

Get your answers scored for free. On celpass.com you can take a CELPIP Writing test on the computer, as in the real exam, and get an AI score on the four CELPIP rating dimensions with every mistake marked. More free tests: celpass.com/celpip/practice-tests-pdf

Task 1: Writing an Email

Time: 27 minutes · Length: 150–200 words

Feedback on Public Park Renovation

You recently visited a newly renovated public park in your neighborhood. While you appreciate some changes, you've noticed issues that need attention. Write an email to the city's parks department supervisor to share your feedback and suggest improvements.

Required Points:

- Mention when you visited the park and what you generally think of the renovation.
- Describe one or two specific issues you noticed.
- Explain how these issues affect park visitors.
- Suggest a solution or improvement.

Your answer: _____ words

Task 2: Responding to Survey Questions

Time: 26 minutes · Length: 150–200 words

Pedestrian Safety Measures Survey

As cities grow, pedestrian safety becomes increasingly important. Accidents involving walkers and vehicles can be reduced by implementing effective safety measures.

Which safety improvement should your city prioritize?

- Option A: Install more crosswalks and traffic lights at busy intersections.
- Option B: Create “walking zones” with benches, gardens, and slow-traffic areas for relaxation and safety.

Please choose one option and explain your preference.

Write about 150-200 words.

Your answer: _____ words

Sample answers

One strong answer for each task. Use them for ideas, structure and vocabulary, not to memorise: examiners notice memorised answers.

Task 1: Feedback on Public Park Renovation

Excellent sample answer (written at around CLB 11–12, an estimate, not an official score)

Dear Mr. Harrison,

Having explored our beautifully revamped park last weekend, I commend the modernized seating and landscaping. Regrettably, the playground's slide has jagged edges, endangering young visitors, while insufficient trash receptacles have resulted in noticeable litter. These shortcomings compromise safety and diminish the park's charm for families and residents. I propose a prompt safety inspection of the playground equipment and the addition of strategically placed bins to maintain cleanliness. I'm available to discuss these enhancements in person should you find it helpful.

Best regards,

[Your Name]

Task 2: Pedestrian Safety Measures Survey

Excellent sample answer (written at around CLB 11–12, an estimate, not an official score)

In my view, prioritizing the installation of additional crosswalks and traffic lights at busy intersections (Option A) is the most effective strategy for enhancing pedestrian safety. These measures directly address accident hotspots by controlling both pedestrian and vehicular movements, thereby significantly reducing the risk of collisions. While dedicated walking zones (Option B) would certainly provide comfortable, scenic areas for relaxation, their scope is limited to select locations. Crosswalks and traffic signals, on the other hand, offer city-wide benefits and can be implemented more rapidly and cost-effectively. Ultimately, widespread crosswalks and traffic lights create a safer, more accessible urban environment for all pedestrians.
