Task 1: Writing an Email

Time: 27 minutes · Length: 150–200 words

Technical Support for Digital Movie Rental Platform

You rented a movie from an online streaming platform, but there were technical issues such as buffering, poor video quality, or incorrect charges.

Write an email to the streaming service support team. Your email should include:

- The issue you faced while trying to watch the movie.
- Any troubleshooting steps you tried.
- The impact this had on your viewing experience.
- A request for a refund or technical support.

Your answer: _____ words

Task 2: Responding to Survey Questions

Time: 26 minutes · Length: 150–200 words

School Lunch Program Survey

Your school is rethinking its lunch program after hearing mixed views on food options from students and parents. They've sent a survey to get your input, wanting to create a menu that supports health and learning while keeping students happy. This is your chance to decide what's on your plate!

Which option do you prefer? Why?

- Option A: Offer only healthy meals, with no junk food available.
- Option B: Allow students to choose between healthy meals and junk food.

Your answer: _____ words

Task 1: Technical Support for Digital Movie Rental Platform

Excellent sample answer (written at around CLB 11–12, an estimate, not an official score)

Dear [Support Team Representative],

I am writing to report multiple issues with a recent movie rental on your platform. Despite using a high-speed internet connection, the film experienced constant buffering and pixelation, significantly impacting my viewing experience. Furthermore, I noticed that my account was incorrectly charged twice for the same rental.

I request a full refund for the duplicate charge and an immediate resolution to the streaming issue. Kindly advise on the steps I should take to prevent this from recurring.

I appreciate your prompt assistance.

Sincerely,

[Your Full Name]

Task 2: School Lunch Program Survey

Excellent sample answer (written at around CLB 11–12, an estimate, not an official score)

I firmly support Option A, as prioritizing healthy meals in schools is essential for students' physical and cognitive development.

Numerous studies have demonstrated that well-balanced meals significantly enhance students' concentration, energy levels, and academic performance. By providing only nutritious options, schools play a proactive role in shaping long-term health habits and reducing risks of obesity and diet-related illnesses.

Although personal choice is valuable, an educational institution's role extends beyond academics—it also includes fostering a foundation for lifelong well-being. Allowing junk food would contradict the fundamental purpose of a school lunch program.

Thus, ensuring access to exclusively healthy meals is a responsible and impactful decision.
